

CERTIFIED PUBLIC ACCOUNTANTS & CONSULTANTS

Unparalleled Professional Service from a Leader in the Medical Profession

As a medical practitioner, you directly affect people's lives. Your patients count on you to provide care that will allow them to feel their best and to be more productive. At KatzAbosch, we provide financial guidance to achieve similar results for your financial well-being.

With 50 years of experience, our professionals will help you set and reach the goals to which you aspire. Whether you are one of the region's largest medical practices or a sole practitioner, we have the experience, knowledge and business expertise to help you achieve your financial goals and objectives.

Not only are we well versed in all aspects of financial matters, we make it our business to thoroughly know your business. Our comprehensive understanding of the medical profession allows us to advise efficiently and effectively.

Our long-standing relations within the medical community are testimony to our proven track record of achievement. From assisting you in mergers, acquisitions and sales of medical practices to cost management and budgeting—our knowledge of what you do enables us to provide the guidance that will lead you into the future. We offer the prescription for financial security and prosperity in the medical profession with specialized services and personalized assistance.

Our commitment to the medical service profession includes, but is not limited to, the following services:

- Accounting and auditing services
- Preparation of compiled, reviewed, or audited financial statements
- Preparation of all practice federal, state, local and personal tax returns
- Tax planning services designed to minimize income and estate taxes
- Practice operational review
- Management advisory services
- Planning for high income and high net worth individuals
- Compensation model development
- Development of buy-sell agreements
- Structuring and negotiating associate agreements
- Admission of owners to the practice
- Obtaining financing, including preparation of forecasted or projected statements of income and cash flow
- Valuation of medical practices
- Human resources consulting
- Benchmarking
- Cost management and budgeting
- Mergers, acquisitions and sales of medical practices
- Assistance in selection and implementation of medical and accounting information systems
